

Attention Trade Show Exhibitors!!

Want to increase traffic to your booth? Stop people in their tracks with eye catching graphic displays created by Surface Collective. Our custom graphics are perfect for exhibition booths. In an adhesive vinyl format, they can be installed in minutes, and taken down in seconds.

Based in Vancouver, BC, Surface Collective serves commercial clients across North America. We've worked with many event management companies in Canada and the USA to create stunning stage and exhibition graphics for trade shows. You can view our custom portfolio at <http://www.surfacecollective.com> under **custom portfolio/events&exhibitions**.

Our talented design team can bring to life anything the mind can envision. Whether it's just your logo or a custom design that you're thinking of, we'd love the opportunity to speak with you about your booth and visual display design needs.

In addition to custom creations, we also carry a pre-designed collection of Wall Tattoos at www.surfacecollective.com. You will find that the collection is competitively priced, but we offer a 10% industry discount on our online prices to commercial exhibitors.

Please send an e-mail to info@surfacecollective.com or call 604-568-4739 for more detailed information on our products and creative services.
