Exhibitor Services- *located at east field area across from the show offices*

At exhibitor services vendors can request housekeeping services for a small daily fee. Housekeeping offers vacuuming service, cleaning services and waste and recycling removal.

Booth vacuuming

- *Daily fee for vacuuming based on your booths square footage.*

Booth Cleaning

- *Includes wiping down all the surfaces of your booth and removing your garbage once daily. Other calls will be dealt with as needed. Event time removal extra*

Garbage Removal

- *Event time recycling and waste removal monitored and provided during the show. Also included would be call for service when needed. Daily fee for service.*

Waste Management at BC Place outlines the ways in which we can achieve a successful and sustainable event. By making a few small changes and following these processes, together we can make a big difference! New regulations require BC Place to enforce recycling standards to avoid excessive fines and charge backs. Vendors are responsible to recycle their own waste unless; they order waste services from BC Place stadium through exhibitor's services.
